(c) Governor of Guam Executive Order 2020-29

1. Due to a continued rise in COVID-19 cases across the island and greater demand on the healthcare system, the Governor of Guam has extended her "Stay at Home" Executive Order and I am implementing the following COVID-19 mitigation measures immediately. These increased measures are intended to flatten the curve of COVID-19 spread to protect critical missions and keep members and families safe. They were carefully considered to balance mental health, social development and quality of life. These measures will be re-evaluated as circumstances change.

a. All personnel must maintain vigilance regarding physical distancing, mask wearing, and hand hygiene. Physical distancing is defined as greater than six feet between yourself and others. Close contact is defined as less than six feet between yourself and another person for more than 15 minutes. Personnel must continue to self-monitor for COVID-19 signs and symptoms and must inform the 36 MDG and their chain of command if they suspect they are infected, or have had close contact with a person suspected to be infected.

b. Limit off-installation activity to essential travel only.

c. Continue to delay start of in-resident DoDEA schools and Child and Youth Programs.

d. Limit gatherings to groups no larger than two persons. You may gather with members of your household.

e. Mask wearing is mandatory at all gatherings indoors and outdoors.

f. Commanders will maximize teleworking, teleconference meetings, and limit in-person duties to mission-essential personnel only. Those personnel that need to report to their normal duty location to access controlled, sensitive, or classified material or equipment should return to teleworking once access is no longer required.

g. Do not conduct group fitness.

h. Mission-essential personnel and their families continue to avoid Defense Commissary Agency and Army and Air Force Exchange Service facilities on Saturday and Sunday.

i. Tarague Beach, the Palm Tree Golf Course, and all gyms are closed.

2. Unit Commanders may be more restrictive in the interest of mitigating risk to mission and personnel.

3. Military members not in compliance with these measures may be subject to UCMJ action. Civilians and dependents not in compliance may be subject to barment from Andersen Air Force Base and civilian prosecution.

4. This memo supersedes Reference (a).

5. Please refer questions to Lt Col Keith O'Halloran, 36 WG COVID-19 Response Lead, 671-366-3664, keith.ohalloran@us.af.mil.
